INTERNATIONAL YOGA DAY

June 21st is celebrated as The International Day of Yoga all over the world. This idea was proposed by our Prime Minister, Mr. Narendra Modi. He said, “Yoga is an invaluable gift of India’s ancient tradition. It embodies unity of mind and body; thought and action; restraint and fulfillment; harmony between man and nature; a holistic approach to health and well-being. It is not about exercise but to discover the sense of oneness with yourself, the world and the nature. By changing our lifestyle and creating consciousness, it can help in well being.”

International Yoga Day was celebrated by the students on 21 June,2019 from Grades I to X. at Daffodils High Public School with great enthusiasm. Warm up exercises were taken and all the students performed sitting and standing asanas, importance of these were explained simultaneously.

For the parents the International Yoga day was celebrated on 22nd June, 2019. Whereby the Grade 7 Students demonstrated various asanas and Omkar chanting that was followed by the parents.

Regular practice of yoga will surely help our students achieve a better life, physically, mentally and spiritually as well.

Let's nurture the nature, so that we can have a better future"

The main aim of observing this day is to change the attitude towards environment and advocate partnership between each human being and society to ensure a safe future.

We the Daffodils family as a whole celebrated “The World Environment Day” on Thursday 27th and Friday 28th June, 2019 with full vigor and enthusiasm.

Grade 1 to 3 made seed bombs and cleaned their classrooms showcasing the importance of Cleanliness.

Besides this, the V and the VI graders prepared charts in groups to be displayed around in the school and conveyed a message to “Go Green”.

Going back to nature and connecting with it is all about living as naturally as possible, making most of the natural resources and energy available.

For environment to change, there have to be small efforts made and each individual counts and can help in this initiative. So let us all join our hands to protect environment in saving the precious natural resources ensuring a healthy future.

Making simple modifications in our everyday life, we can all contribute to the cause of environment protection.
