### **FIRST DAY OF SCHOOL**

*Welcome to Our Preschool Family!*

We were all thrilled to welcome our little ones to Daffodils Preschool & Preprimary. The first day of school was such an exciting milestone, and we ensured that it was a smooth and enjoyable experience for our children. There were plenty of fun activities and toys to explore as they begin to familiarize themselves with their new surroundings.

Our teachers are dedicated to understanding and meeting the unique needs of each student, providing both academic support and emotional encouragement.

# MAHAVIR JAYANTI

Mahavir Jayanti is the day of Lord Mahavir's birth and is considered as one of the most auspicious days in the country.

The students from secondary section performed a small act depicting the life of Lord Mahavir. In his life stories, Lord Mahavir demonstrates non-violence (Ahimsa), courage (Abhay), friendship (Maitri), compassion (Anukampa), love (Vaysalya) and equanimity (Samta) to the utmost degree.

Celebrating Mahavir Jayanti in school not only honors the religious significance of the occasion but also provides valuable opportunities for educational enrichment, cultural understanding, and character development among students.

# **WORLD BOOK DAY**

It is true. We learn many great things from books. It was a day filled with excitement, imagination, and a love for reading as our preschoolers immersed themselves in the magical world of books.

The students were encouraged to dress up as their favourite character from their favourite story books. It was a joy to see their enthusiasm and creativity as they brought their favourite characters to life.

Teachers shared the importance of reading books and read wonderful stories to their students.

## **ENVIRONMENT DAY/ GREEN DAY**

Like every year, we celebrated this day by raising awareness about our environment. All our preschoolers came dressed in green coloured outfit to show their love towards this day. The students were reminded of the benefits nature provides, such as food, clothing and shelter.

Our Nursery students had the opportunity to plant a seed and care for it throughout the week. They learned about the lifecycle of plants and the vital role they play in sustaining life on Earth.

A drawing and colouring competition were also conducted for all our students. They created vibrant pictures with messages promoting environmental conservation.

We are incredibly proud of our preschoolers for their enthusiasm and eagerness to learn about caring for our planet.

# **INTERNATIONAL YOGA DAY**

We celebrated International Yoga Day with fun & engaging asanas. It was a joyous occasion where our preschoolers embraced the practice of yoga, promoting health, mindfulness and relaxation. Our Physical Education teachers alongwith our higher grades students demonstrated different yoga asanas with all our preschoolers.

We introduced children to simple breathing exercises which helped them learn to calm their minds and bodies, promoting a sense of inner peace and relaxation.

Incorporating YOGA into their daily routine can support their overall development and well-being.
